## EDUCATIONS

### 05/2022 SOFTWARE DEVELOPMENT COURSE

Sisal Academy

I was selected together with 24 other students to enter Sisal/Modis Academy, an intense 6 week program to study an overview of Sisal's technologies: JAVA OOP, MySQL, Spring Boot, React and React Native.

### 2021 - 2022 FULL STACK WEB + MOBILE DEVELOPMENT

Nucamp Coding Bootcamp

A six month program on four technologies. Bootstrap, React, React Native and Node. Weekly workshops separated by groups where we executed coding tasks and challenges. My favorite technology to use was React.

### 2015 - 2020 SOCIAL COMMUNICATIONS DEGREE

Universidad UNIACC | Universidad de Sevilla (One Semester)

A four year studies program focused on media and communications. I won a scholarship to study abroad for one semester at Spain. One year of internal internship doing a documentary, NGO communications and newspaper contribution.

## EXPERIENCE

### 12/2022 JAVA OOP BASE

CGM Consulting Formatemp | Milano, Italy

Course with payment focused on learning JAVA's object oriented programming methods. Troubleshooting with primitive operators, document management with MySQL and ideation of solutions based on requirements were some of the tasks.

### 2019 - 2021 VIDEO EDITOR

ALMA Observatory | Santiago de Chile

Video editing, creation of scripts and voice over for Instagram stories and posts. Educational content about astronomy and ALMA's research.
